1328 WASHINGTON ROAD

mid-19th century

Westminster vicinity

private

1328 Washington Road is a five-bay one-bay brick structure with a frame ell wing. Its key features are the Victorian style ornamentation--turned posts on the full-length, one-story porch and patterned shingles and a round-arch window in the centrally-located gabled dormer. The brickwork is laid in stretcher bond and the ell wing is covered in German siding. The roof of this house is unusual with broad projecting cornice and pedimented gable ends.
